

(F) The annual report submitted to the court

***\*Please submit an electronic (PDF preferred) copy of your annual report:***

The Cucamonga Basin Decree does not require the preparation or submittal of annual reports, although based on the Decree each of the three pumpers, Cucamonga Valley Water District, San Antonio Water Company, and West End Consolidated Water Company collects and maintains groundwater production, groundwater levels, water quality, and other water use information. The information is shared and exchanged between the parties in managing their water production and use under the Decree.
