

BEAUMONT BASIN WATERMASTER

Office of the Secretary Daniel K. Jagers
c/o Beaumont-Cherry Valley Water District
560 Magnolia Avenue / Beaumont, CA 92223

Office (951) 845-9581
email dan.jagers@bcvwd.gov
beaumontbasinwatermaster.org

To Whom It May Concern:

The Beaumont Basin Watermaster Board of Directors (Board) Were presented with the production, storage, and imported water use quantities for the calendar year 2024, on March 5, 2025. Said quantities have been reported to the California Department of Water Resources Adjudicated Basins Annual Reporting System and include a total 2024 change in storage of 312 acft (Acre Feet) of water as part of this letter submittal.

The Beaumont Basin Watermaster has prepared a Draft 2024 Consolidated Annual Report (Annual Report) but said Draft Report is still under review by the Board. A copy of the Annual Report will be uploaded to the California Department of Water Resources Adjudicated Basins Annual Reporting System when the Final Draft has been approved by the Board.

March 20th, 2025

Dan Jagers, Secretary
Beaumont Basin Watermaster
Beaumont Cherry Valley Water District
560 Magnolia Avenue
Beaumont, CA 92223

Subject: **Certification of Groundwater Production and Imported Water Use in Water Year 2024**

Dear Mr. Jagger:

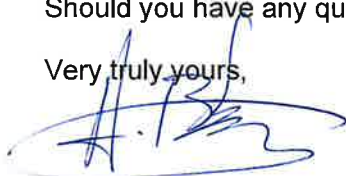

The purpose of this letter is to provide you, as Secretary of the Beaumont Basin Watermaster, with the necessary information to fill out an on-line form with the State of California Department of Water Resources (DWR) documenting the use of water in the basin during Water Year 2024.

Considering the 2024 Final Annual Report of the Beaumont Basin will not be ready until the June meeting, at the earliest, DWR has indicated in the past that the on-line forms can still be filled out and submitted to the state before the April 1st deadline. DWR requested that a formal letter from Watermaster be included in the on-line submittal documenting that the production, storage, and imported water use quantities used in the form for Water Year 2024 are accurate and that a copy of the final annual report be submitted at a later date. The information presented below was extracted during the preparation of the 2024 Draft report. Storage change during CY 2024 is documented in the attached figures. The requested information is as follows:

- ✓ 2024 Groundwater Production
 - Total groundwater production: 14,650 ac-ft
 - Metered production: 14,637 ac-ft (Low uncertainty)
 - Other method (Water Duty): 13 ac-ft (Medium uncertainty)
- ✓ 2024 Surface Water Supply
 - State Water Project deliveries: 15,387 ac-ft (Low uncertainty)
- ✓ Total Water Use: 14,650 ac-ft
- ✓ 2024 Change in Storage: 312 ac-ft

Should you have any questions on this matter, please contact us at 909-587-9916.

Very truly yours,

F. Anibal Blandon, P.E.
