Subject: Notice of Publication of Public Drafts: 5-Year Assessment Report and 2026 GMP Update

Good afternoon Borrego Springs Watermaster Stakeholders,

The following public drafts are now available for your review:

- **Five-Year Assessment of the Judgment and Groundwater Management Plan (GMP) for the Borrego Springs Subbasin (5-Year Assessment Report)**, which describes new information and key findings from GMP implementation through September 30, 2025, and any recommended changes to the 2020 GMP.
- **2026 GMP Update**, which is a redline version of the 2020 GMP documenting updates based on new information and findings discussed in the 5-Year Assessment Report.

 [Click Here to Access the Public Drafts via OneDrive](#)

In the OneDrive folder linked above, there are two folders (one for each public draft). Each folder contains a PDF of the public draft and its appendices.

Release of these drafts kicks off a 30-day public comment period in which the Watermaster will accept written comments for consideration prior to finalizing the documents for submittal to DWR and the Court. Written comments on the 5-Year GMP Assessment Report and 2026 GMP Update will be considered and accepted through **May 26, 2026 at 5pm**. Written comments can be submitted to the Borrego Springs Watermaster at BorregoSpringsWM@westyost.com.

Also as a reminder, the Borrego Springs Watermaster will be holding a **virtual public information session on Thursday, April 30th from 1:30 – 3pm** to discuss these draft reports. The information session will provide an overview of the five-year GMP assessment process, key findings from the analysis, updates to the GMP, and will include time for participant Q&A. We invite you to attend and share your input!

Below are the access instructions for joining the virtual meeting via GoTo Meeting:

Borrego Springs - Informational Session on the 5-Year GMP Assessment Report and 2026 GMP Update
Apr 30, 2026, 1:30 – 3:00 PM (America/Los_Angeles)
