TUESDAY, MAY 23, 2017
6:30PM

DISTRICT OFFICE
4853 PRIMERO STREET
TOWN SITE OF NEW CUYAMA
COUNTY OF SANTA BARBARA
STATE OF CALIFORNIA

The purpose of this Public Hearing is to accept public comment on whether the Cuyama Community Services District Board of Directors should adopt a Resolution to form the Cuyama Basin Groundwater Sustainability Agency through a Joint Exercise of Powers Agreement between the Cuyama Basin Water District, the Cuyama Community Services District, the County of Kern, the County of San Luis Obispo, the Santa Barbara County Water Agency, and the County of Ventura.

Pursuant to the Sustainable Groundwater Management Act ("SGMA"), a local agency, or group of local agencies can elect to become a GSA for the Basin by June 30, 2017. Failure to comply with this deadline subjects the Basin to state intervention under SGMA. Once a GSA is formed for the Basin, the GSA will begin holding public meetings to discuss development of a Groundwater Sustainability Plan.

Additional information can be found at: <http://cosb.countyofsb.org/pwd/pwwater.aspx?id=51867> and by contacting the District office at telephone number (661) 766-2780.

COUNTY OF SAN LUIS OBISPO

NOTICE OF PUBLIC HEARING
COUNTY OF SAN LUIS OBISPO

NOTICE IS HEREBY GIVEN that the County of San Luis Obispo Board of Supervisors will hold a public hearing to consider the adoption of a Resolution approving a six-party Joint Exercise of Powers Agreement (Agreement) creating a joint powers agency (JPA) to serve as the Groundwater Sustainability Agency (GSA) for the Cuyama Valley Groundwater Basin, known as the Cuyama Basin Groundwater Sustainability Agency, pursuant to California Water Code Section 10723 et seq. It is anticipated that the Agreement will be executed by the following local agencies who will each constitute members of the JPA and will each be represented by a director(s) on the JPA Board of Directors: the Cuyama Basin Water District, the Cuyama Community Services District, the County of Kern, the County of San Luis Obispo, the Santa Barbara County Water Agency, and the County of Ventura.

Background
The Sustainable Groundwater Management Act (SGMA) (California Water Code Section 10720 et seq.), requires formation of new groundwater management entities (i.e., GSAs), and development and implementation of groundwater sustainability plans over all high and medium priority basins, as designated by the State. The State designated the Cuyama Valley Groundwater Basin as a medium priority Basin subject to critical conditions of overdraft. The first critical deadline associated with SGMA is to establish a GSA(s) no later than June 30, 2017, or else any uncovered areas will be subject to State intervention.

Hearing Information
Date and Time: Tuesday, May 23, 2017, 9:00 A.M.
Location: San Luis Obispo Board of Supervisors Chambers
1055 Monterey Street
San Luis Obispo, CA 93408

Members of the public will be allowed to make oral and written comments during the hearing. Oral comments will be limited to 3 minutes per individual.

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of Frank Paul Miley

A PETITION FOR PROBATE has been filed by Lucille S. Miley in the Superior Court of California, County of Ventura. THE PETITION FOR PROBATE requests that Lucille S. Miley be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on June 28, 2017 at 9:00a.m. in Dept J6 Superior Court of California County of Ventura 4353 E. Vineyard Ave., Oxnard, Ca 93036

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either four months from the date of first issuance of letters to a general personal representative as defined in section 58(b) of the California Probate Code; or 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California

**NOTICE OF
PUBLIC HEARING
FORMATION OF A GROUNDWATER
SUSTAINABILITY AGENCY
FOR THE CUYAMA GROUNDWATER BASIN**

NOTICE IS HEREBY GIVEN that a Public Hearing of the County of Ventura Board of Supervisors will be held:

June 6, 2017, 2:30 p.m.

Board of Supervisors
Hearing Room
800 S. Victoria Avenue
Ventura, CA 93009

The purpose of this Public Hearing is to accept public comment on whether the County of Ventura Board should adopt a Resolution to form the Cuyama Basin Groundwater Sustainability Agency through a Joint Exercise of Powers Agreement between the Cuyama Basin Water District, the Cuyama Community Services District, the County of Kern, the County of San Luis Obispo, the Santa Barbara County Water Agency, and the County of Ventura. A full copy of the proposed resolution and Joint Exercise of Powers Agreement will be available on June 1, 2017 at the Clerk of Board's Office located at the County Hall of Administration 800 South Victoria Avenue, Ventura, or on their website <http://www.ventura.org/board-of-supervisors>.

Pursuant to the Sustainable Groundwater Management Act ("SGMA"), a local agency, or group of local agencies can elect to become a GSA for the Basin by June 30, 2017. Failure to comply with this deadline subjects the Basin to state intervention under SGMA. Once a GSA is formed for the Basin, the GSA will begin holding public meetings to discuss development of a Groundwater Sustainability Plan.

Dear Sir or Madam,

You are invited to participate in a public hearing and to provide public comment as the County of Kern considers formation of a Groundwater Sustainability Agency (GSA) for the County of Kern's portions of the Cuyama Groundwater Basin. The hearing will be held as part of the regular Kern County Board of Supervisors meeting on May 23, 2017, at 2 pm, located at 1115 Truxtun Avenue, 1st Floor, Bakersfield, CA 93301.

The Sustainable Groundwater Management Act (SGMA) is legislation approved by the State of California in 2014. SGMA gives local government agencies, including counties and water districts, responsibility to sustainably manage groundwater in critically overdrafted basins. The Cuyama Groundwater Basin has been designated as in critical overdraft by the State. SGMA also allows eligible public agencies to elect to become a GSA for certain groundwater basins. The Kern County Board of Supervisors has expressed a strong interest in representing the residents of Kern County in this vital public policy matter.

On May 9, 2017, the Board of Supervisors approved a Joint Powers Authority (JPA) Agreement with five other agencies in the Cuyama Valley, including County of Ventura, County of San Luis Obispo, Santa Barbara County Water Agency, Kern County, Cuyama Basin Water District, and Cuyama Community Services District. These agencies together form the Cuyama Basin Groundwater Sustainability Agency and intend to file a notice with the Department of Water Resources to be the GSA for the entire Cuyama Groundwater Basin.

As a stakeholder living at or owning property that overlies the Cuyama Groundwater Basin, we invite your participation in the hearing.

Sincerely,

Dear Sir or Madam,

You are invited to participate in a public hearing and to provide public comment as the County of Kern considers formation of a Groundwater Sustainability Agency (GSA) for the County of Kern's portions of the Cuyama Groundwater Basin. The hearing will be held as part of the regular Kern County Board of Supervisors meeting on May 23, 2017, at 2 pm, located at 1115 Truxtun Avenue, 1st Floor, Bakersfield, CA 93301.

The Sustainable Groundwater Management Act (SGMA) is legislation approved by the State of California in 2014. SGMA gives local government agencies, including counties and water districts, responsibility to sustainably manage groundwater in critically overdrafted basins. The Cuyama Groundwater Basin has been designated as in critical overdraft by the State. SGMA also allows eligible public agencies to elect to become a GSA for certain groundwater basins. The Kern County Board of Supervisors has expressed a strong interest in representing the residents of Kern County in this vital public policy matter.

On May 9, 2017, the Board of Supervisors approved a Joint Powers Authority (JPA) Agreement with five other agencies in the Cuyama Valley, including County of Ventura, County of San Luis Obispo, Santa Barbara County Water Agency, Kern County, Cuyama Basin Water District, and Cuyama Community Services District. These agencies together form the Cuyama Basin Groundwater Sustainability Agency and intend to file a notice with the Department of Water Resources to be the GSA for the entire Cuyama Groundwater Basin.

As a stakeholder living at or owning property that overlies the Cuyama Groundwater Basin, we invite your participation in the hearing.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Christensen".

Dear Sir or Madam,

You are invited to participate in a public hearing and to provide public comment as the County of Kern considers formation of a Groundwater Sustainability Agency (GSA) for the County of Kern's portions of the Cuyama Groundwater Basin. The hearing will be held as part of the regular Kern County Board of Supervisors meeting on May 23, 2017, at 2 pm, located at 1115 Truxtun Avenue, 1st Floor, Bakersfield, CA 93301.

The Sustainable Groundwater Management Act (SGMA) is legislation approved by the State of California in 2014. SGMA gives local government agencies, including counties and water districts, responsibility to sustainably manage groundwater in critically overdrafted basins. The Cuyama Groundwater Basin has been designated as in critical overdraft by the State. SGMA also allows eligible public agencies to elect to become a GSA for certain groundwater basins. The Kern County Board of Supervisors has expressed a strong interest in representing the residents of Kern County in this vital public policy matter.

On May 9, 2017, the Board of Supervisors approved a Joint Powers Authority (JPA) Agreement with five other agencies in the Cuyama Valley, including County of Ventura, County of San Luis Obispo, Santa Barbara County Water Agency, Kern County, Cuyama Basin Water District, and Cuyama Community Services District. These agencies together form the Cuyama Basin Groundwater Sustainability Agency and intend to file a notice with the Department of Water Resources to be the GSA for the entire Cuyama Groundwater Basin.

As a stakeholder living at or owning property that overlies the Cuyama Groundwater Basin, we invite your participation in the hearing.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Christensen".

Dear Sir or Madam,

You are invited to participate in a public hearing and to provide public comment as the County of Kern considers formation of a Groundwater Sustainability Agency (GSA) for the County of Kern's portions of the Cuyama Groundwater Basin. The hearing will be held as part of the regular Kern County Board of Supervisors meeting on May 23, 2017, at 2 pm, located at 1115 Truxtun Avenue, 1st Floor, Bakersfield, CA 93301.

The Sustainable Groundwater Management Act (SGMA) is legislation approved by the State of California in 2014. SGMA gives local government agencies, including counties and water districts, responsibility to sustainably manage groundwater in critically overdrafted basins. The Cuyama Groundwater Basin has been designated as in critical overdraft by the State. SGMA also allows eligible public agencies to elect to become a GSA for certain groundwater basins. The Kern County Board of Supervisors has expressed a strong interest in representing the residents of Kern County in this vital public policy matter.

On May 9, 2017, the Board of Supervisors approved a Joint Powers Authority (JPA) Agreement with five other agencies in the Cuyama Valley, including County of Ventura, County of San Luis Obispo, Santa Barbara County Water Agency, Kern County, Cuyama Basin Water District, and Cuyama Community Services District. These agencies together form the Cuyama Basin Groundwater Sustainability Agency and intend to file a notice with the Department of Water Resources to be the GSA for the entire Cuyama Groundwater Basin.

As a stakeholder living at or owning property that overlies the Cuyama Groundwater Basin, we invite your participation in the hearing.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Christensen".

Dear Sir or Madam,

You are invited to participate in a public hearing and to provide public comment as the County of Kern considers formation of a Groundwater Sustainability Agency (GSA) for the County of Kern's portions of the Cuyama Groundwater Basin. The hearing will be held as part of the regular Kern County Board of Supervisors meeting on May 23, 2017, at 2 pm, located at 1115 Truxtun Avenue, 1st Floor, Bakersfield, CA 93301.

The Sustainable Groundwater Management Act (SGMA) is legislation approved by the State of California in 2014. SGMA gives local government agencies, including counties and water districts, responsibility to sustainably manage groundwater in critically overdrafted basins. The Cuyama Groundwater Basin has been designated as in critical overdraft by the State. SGMA also allows eligible public agencies to elect to become a GSA for certain groundwater basins. The Kern County Board of Supervisors has expressed a strong interest in representing the residents of Kern County in this vital public policy matter.

On May 9, 2017, the Board of Supervisors approved a Joint Powers Authority (JPA) Agreement with five other agencies in the Cuyama Valley, including County of Ventura, County of San Luis Obispo, Santa Barbara County Water Agency, Kern County, Cuyama Basin Water District, and Cuyama Community Services District. These agencies together form the Cuyama Basin Groundwater Sustainability Agency and intend to file a notice with the Department of Water Resources to be the GSA for the entire Cuyama Groundwater Basin.

As a stakeholder living at or owning property that overlies the Cuyama Groundwater Basin, we invite your participation in the hearing.

Sincerely,
