SUBJECT: Elimination of GSA application Overlaps for the South American Groundwater Sub basin.

As a result of a negotiated agreement, the following parties have resolved three GSA application overlaps within the South American Groundwater Subbasin.

Omochumne- Hartnell Water District

Sloughhouse Resource Conservation District

Sacramento Central Groundwater Authority

The Sacramento Area Water Forum has been authorized by these parties to provide the necessary documents, maps and entries to the DWR SGMA portal needed to file revised the GSA applications of each party and to withdraw or modify existing GSA application information as needed.

John M. Lowrie

Senior Scientist, Water Forum
