Subject: Jurisdictional Boundary adjustment for the Shandon-San Juan GSA of the Paso Robles Groundwater Sub-basin of the Salinas Valley Basin, No. 3.004.06

DWR Staff:

At its meeting of August 21, 2021, the Board of the Shandon-San Juan Groundwater Sustainability Agency (SSJ GSA) authorized in Resolution 2021-004 myself and GSA Staff to adjust the SSJ GSA jurisdictional boundaries on the DWR SGMA Portal. The adjustment is necessary in light of the detachment by the San Luis Obispo County Local Agency Formation Commission (LAFCo) of certain lands from the Shandon-San Juan Water District, the boundaries of which are coterminous with those of the SSJ GSA. The detachment became final upon LAFCo's recording of a Certificate of Completion in the Official Records of San Luis Obispo County, Document No. 2021052091. This boundary adjustment does not constitute a material change from the SSJ GSA formation notice. We have been working with the Staff of the Paso Basin - County of San Luis Obispo GSA to coordinate this boundary adjustment which will leave no unmanaged areas within the Basin once both GSAs have completed boundary adjustments on the DWR SGMA Portal.

Respectfully yours,

Willy Cunha
President of the Board of Directors of the Shandon-San Juan GSA
