SUBJECT: NOTICE OF DEVELOPED GROUNDWATER SUSTAINABILITY PLAN

Dear Honorable Mayor, Councilmembers, and Supervisors:

Please be advised that the Kern River Groundwater Sustainability Agency (KRGSA) has developed a Groundwater Sustainability Plan (GSP) pursuant to the Sustainable Groundwater Management Act for a portion of the Kern County Subbasin (Basin Number 5-22.14, DWR Bulletin 118). The GSP can be found and reviewed by accessing the KRGSA website at: <http://kernrivergsa.org/>.

Please consider this correspondence as notice of the KRGSA's GSP availability, pursuant to California Water Code section 10728.4., which provides: *A groundwater sustainability agency may adopt or amend a groundwater sustainability plan after a public hearing, held at least 90 days after providing notice to a city or county within the area of the proposed plan or amendment. The groundwater sustainability agency shall review and consider comments from any city or county that receives notice pursuant to this section and shall consult with a city or county that requests consultation within 30 days of receipt of the notice. Nothing in this section is intended to preclude an agency and a city or county from otherwise consulting or commenting regarding the adoption or amendment of a plan.*

The KRGSA intends to hold a public hearing and consider the adoption of the GSP not sooner than 90 days from the date of this notice. If you have any questions regarding the KRGSA GSP, please do not hesitate to contact me at the phone number or email below.

Thank you,

Art Chianello, P.E.
