Subject: Notice of Intent to Adopt the Tri-County Water Authority Groundwater Sustainability Agency Groundwater Sustainability Plan for the Tule Subbasin

The Tri-County Water Authority Groundwater Sustainability Agency ("TCWA") hereby provides notice to the Counties of Tulare and Kings of the TCWA's intent to adopt the TCWA Groundwater Sustainability Plan for the Tule Subbasin ("GSP") no earlier than 90-days after your receipt of this notice. Considerations to adopt this document shall occur as part of a public hearing of the TCWA on December 18, 2019. The TCWA is accepting public comments until November 7, 2019.

Once adopted, the TCWA's GSP will govern sustainable groundwater management actions within the TCWA's jurisdictional boundaries located in the Tule Subbasin (Groundwater Basin No. 5-22.13). Pursuant to passage of the Sustainable Groundwater Management Act of 2014, California Water Code Section 10728.4 obligates distribution of this notice to any city or county whose jurisdictional area is within the area of the proposed GSP. The TCWA is going above and beyond this requirement to provide you with this notice.

Counties that receive this notice may request to consult on the TCWA's GSP. These requests must be received within 30 calendar days upon receipt of this notice. Written requests to consult with the TCWA intending to adopt the TCWA's GSP shall be delivered to:
