**Enterprise Anderson
Groundwater Sustainability
Agency
CORRECTION of
Previously Posted Notice of
Public Hearing**

The following is a **CORRECTION** to a previous notice that was posted in the January 2, 2022 paper for a January 10, 2022 public hearing.

NOTICE IS HEREBY GIVEN that at a scheduled meeting of the Enterprise Anderson Groundwater Sustainability Agency (EAGSA) on **Wednesday, January 19, 2022 at 2:00 pm**, in the City of Anderson Council Chambers, located at 1887 Howard Street, Anderson, CA 96007 the EAGSA will hold a public hearing for the purpose of adopting the Groundwater Sustainability Plans (GSPs) for the Enterprise Subbasin and Anderson Subbasin and authorizing staff to submit GSPs with the State of California Department of Water Resources (DWR).

The Sustainable Groundwater Management Act requires Groundwater Sustainability Plans (GSPs) be adopted and submitted to the California State Department of Water Resources for each medium or high priority basin/subbasin within a Groundwater Sustainability Agency's jurisdiction. The EAGSA has held numerous public meetings where elements of the GSPs have been presented and discussed and the GSPs for the Subbasins contain all the elements required by Water Code sections 10727.2 and 10727.4.

The Draft of the GSPs for the Enterprise and Anderson Subbasins may be viewed at <https://eagsa-jacobs.hub.arcgis.com/>. Questions regarding the GSPs can be directed to Lyna Black at lyna.black@jacobs.com or by phone at 530.229.3295 prior to the meeting. At the same time and place, persons interested in the GSPs may appear before the EAGSA and be heard thereon.
