Honorable Councilmember Mayra Vega,

Thank you for your time serving on the Yolo Subbasin Groundwater Agency's (YSGA) Board of Directors. We appreciate your involvement and efforts in developing the Yolo Subbasin Groundwater Sustainability Plan (Yolo Subbasin GSP) to ensure groundwater sustainability into 2042.

As discussed at previous YSGA Board of Directors meetings, the draft Yolo Subbasin GSP is available on our website at <https://www.yologroundwater.org/yolo-groundwater-sustainability-plan>. A video series is now available, which provides a brief overview of the YSGA's purpose, the conditions of the Yolo Subbasin, and the draft sustainable management criteria included in the Yolo Subbasin GSP: <https://www.yologroundwater.org/ysga-video-series>. A summary of comments received during the public comment period for the draft Yolo Subbasin GSP can be found [here](#), and the full list of comments and letters can be found [here](#).

Additionally, we are available for virtual or in-person presentations if your respective Board or Council is interested. Please let us know if there is anything we can do to help City of Woodland learn more about the Yolo Subbasin GSP and prepare for the YSGA Board of Directors adoption of the Yolo Subbasin GSP in January 2022.

Thank you for serving on the YSGA Board,

Kristin Sicke
Executive Officer
